SSMC TRANSFORM & NIOC (National Innovation and Quality Circle) Convention 2012

TRANSFORM WINNERS: U.S. FIGHTER (Cost Saving)

Fully embracing the "Passion to Win" spirit, 16 Crème de la Crème teams from various departments in SSMC engaged in a robust competition for top honors on a glorious day on 2nd March 2012, during the annual SSMC TRANSFORM and NIOC convention 2012.

Now into its 11th year, the undisputed No.1 event platform to promote and drive a culture of Continuous Improvements and Innovation Excellence in SSMC, the TRANSFORM movement has permeated the organisation and has over the years,

chalked up some eye-catching achievements: formed close to 1,500 improvement teams; helped conceived more than 6200 improvement ideas, resulting in 72 patents/trade secrets and more than 90 professional publications.

This year's teams have been coming up with solutions to work's most intractable problems. In the process, they have brought down costs; improved yields; created more productive workflows, all activities that are solidly anchored to the needs of our customers. Team "U.S. Fighter" emerged as this year's top dog, sweeping away the top Transform Award with their innovative and impactful project that saves a mind-boggling half a thousand cubic metre of ultra-pure water daily and 16.7% power saving. Teams "Nexus-7", "Liquid Gold", "Piggy Bank II" and "REAL STEEL" completes the roll of honors for the top 5 TRANSFORM Awards winners.

With fair play abound and an element of fun and zest in the air, the TRANSFORM competition creates a fusion atmosphere of sharing, learning and recognition across the board. We shared, learned, and enjoyed!

NEXUS-7 (Innovation)

LIQUID GOLD (Environmental Saving)

PIGGY BANK (Cost Saving)

REAL STEEL (Productivity)
