## MAKING A DIFFERENCE

As a diabetic patient, Madam Manickam has badly deformed toes and struggles to attend treatment herself. "I can't thank NECDC enough for taking care of old, vulnerable people like myself."

## ENABLING OUR BENEFICIARIES' MOBILITY

Madam Hasana suffered a stroke and her health complicates after diagnosing with heart conditions and brain tumour. "If there hasn't been this service, I won't be able to travel easily because it's challenging."

## SSMC Never Stops Caring for Our Community

On 25 May, SSMC presented a donation of S\$8,000 to North East Community Development Council (NECDC) to support Dedicated NE Ambulance Programme in providing ambulance transport service for needy residents with mobility difficulties to attend the medical treatments for their chronic illnesses. The SSMC cheque was presented by Alice Cheng (HR Director & SRC Sponsor) to NECDC General Manager, Kelvin Thong. Together with SSMC's contribution, the Dedicated NE Ambulance Programme exceeded its combined donation target to reach well over S\$53,000 and can provide more than 800 rides (return trips) for the underprivileged!

Kelvin shared that “I am very thankful that SSMC has always been actively supporting the needy North East residents. With your generous contribution, we are able to help more vulnerable residents cope during this difficult time.”

Alice highlighted “Despite of the COVID-19 Heightening Alert, we never stop caring for our community. We are pleased to work hand-in-hand with NECDC to reach out to the less privileged residents in our community.”

BERNARD KHOO, SRC CHAIRMAN (DRESSED IN RED), AND SSMC TEAM APPLAUD FOR SUCCESSFUL COLLABORATION WITH NECDC TEAM DURING THE VIRTUAL TEAMS MEETING

Moving on, SSMC will continue to engage in Corporate Social Responsibility (CSR) work and support more community outreach initiatives.
